News Release

MOBILEPOINT DEPLOYS CAREFUSION SELLING CONTENT TO THEIR MEDICAL PRODCUTS DISTRIBUTORS EQUIPPED WITH TABLET PCs

With MobilePoint's Tablet PC-based selling tool and CareFusion's electronic selling materials, distributor sales representatives can demo, quote and close CareFusion product solutions on sales calls

Irvine, CA – (January15, 2010) – MobilePoint Corporation announced today that it has partnered with CareFusion, Inc. to provide CareFusion's distributors interactive selling content to promote their extensive line of sanitation and sterilization products. The selling tool, which is a combination of the latest tablet PC-based technology running MobilePoint's sales-ready content software, enables distributor sales representatives to conduct value-based sales discussions with healthcare professionals about using their branded product solutions in the clinical setting.

MobilePoint's pen-based technology allows distributor representatives to easily navigate through CareFusion's product information and pricing, configure solutions and generate quotes in real time before they leave the customer's site. "We are excited about forming this partnership with CareFusion," said MobilePoint's Vice President of Sales, Jeffery Caldwell. "The delivery of CareFusion's product information in real time on a tablet PC creates a unique value proposition for the buyer and cements the relationship between the distributor sales representative and buyer as a trusted advisor."

About CareFusion, Inc

We help our customers measurably improve patient care by focusing on two of the biggest issues affecting healthcare, medication errors and hospital-acquired infections. Our family of products and services are used in over 120 countries. Headquartered in San Diego, we employ more than 15,000 people in more than 20 countries worldwide.
