MOBILEPOINT PARTNERS WITH ALLSCRIPTS TO PROVIDE DISTRIBUTOR SALES REPRESENTATIVES WITH INTERACTIVE SELLING CONTENT

With MobilePoint's selling tool and Allscripts' electronic selling materials, distributor sales representatives can demo, quote and close Allscripts software solutions on sales calls

Irvine, CA – (May 5, 2009) – MobilePoint Corporation announced today that it has partnered with Allscripts to provide Allscripts' distributor partners interactive selling content to promote their electronic health record, practice management and prescribing software. The selling tool, which is a combination of the latest tablet PC-based technology running MobilePoint's sales-ready content software, enables distributor sales representatives to conduct value-based sales discussions with healthcare professionals about employing Allscripts' product solutions in the clinical setting.

MobilePoint's pen-based technology allows distributor representatives to easily navigate through Allscripts' product information and pricing, configure solutions and generate quotes in real time before they leave the customer's office.

"We are excited about forming this partnership with Allscripts," said MobilePoint's Vice President of Sales, Jeffery Caldwell. "The delivery of Allscripts' product information and interactive product demonstrations on a tablet PC creates a unique value proposition for the buyer and cements the relationship between the distributor sales representative and buyer as a trusted advisor."
